RE: Approval of Nemours Children's Hospital Rooftop Logo

Dear Ms. Ely,

Thank you for sharing Nemours Children's Hospital's ("Nemours") plans for installing a logo sign on the roof of the main building.

On June 14, 2024, Nemours requested a review of a proposed rooftop logo sign (as depicted in Exhibit A) in accordance with the procedures set forth in Paragraph 5 of the June 17, 2008 Developer's Agreement by and between Lake Nona Land Company, LLC and the Nemours Foundation.

Tavistock reviewed the proposed sign during the June 26, 2024 Design Review Committee and recommended approval. However, Tavistock is requesting that Nemours provide Tavistock with additional details related to how the sign will be maintained over time, and assurance that Nemours is committed to long term maintenance of the sign.

Thank you for the opportunity to review this exciting project. If you have any questions, please contact me.

Sincerely,

Julie C. Salvo
