## Organization Information

Name: ORLANDO, CITY OF

City: ORLANDO

State: FL

Zip: 32802-4990

Type: County/Municipal Government

## Section 1: EEO Policy Statement

### Policy Statement:

#### Policy Statement:

The City of Orlando (hereinafter the City) is committed to the concept and spirit of equal employment opportunity (EEO) which ensures a workforce that fairly reflects the community it serves. In keeping with this concept, the City's EEO policy is binding on all officials and employees and fully complies with all federal and state laws, regulations, and guidelines regarding employment activities. Employment decisions are based on merit and business necessity and not on race, color, ethnicity, national origin, gender, sexual orientation, age, religion, disability, or other factors protected by law. The principles of equal employment opportunity apply to all employment practices and personnel actions throughout the City including, but not limited to, recruitment, compensation, hiring, promotion, demotion, transfer, training, benefits, termination, layoff, and all other terms and conditions of employment.

To assure that no artificial barriers exist that may deny applicants or employees equal employment opportunities, a utilization analysis shall be performed every two years that compares the City's workforce with the community's civilian labor force based on the most current census data. When the utilization analysis indicates underrepresentation of any race or ethnic group in any of the major job categories, the City will take appropriate action steps to meet its EEO objective and rectify the problem as appropriate.

The City recognizes that overall responsibility for achieving equal employment objectives primarily rests with the leadership and management staff, although all employees are responsible for ensuring the success of equal employment. As leaders in this organization, our commitment to this important policy is complete and we accept overall responsibility for ensuring equal employment opportunity is implemented and that appropriate steps are taken to achieve the objectives of the policy.

## Section 5: Narrative Interpretation of Data

The City's primary objective is to have a workforce that reflects the community labor market and to rectify significant underrepresentation where it exists. Based on the utilization analysis comparing the City's workforce to the available labor market for each job category as computed in the Orange County, Florida data, significant underrepresentation exists in the categories described below.

A decrease in applicants for certain job categories (skilled craft and service/maintenance areas) and increased competition from private employers (skilled craft and service/maintenance) can help explain some of the underutilization areas. Additionally, a lack of turnover in certain areas allows more limited opportunities to address underutilization.

In reviewing the Utilization Analysis the following information was identified.

1. White females were significantly under-represented in the job categories of Professionals (-13), Technicians (-8), Skilled Craft (-2), and Service/Maintenance (-12).
2. Black females were significantly under-represented in the job categories of Technicians (-5) and Protective Services: Sworn (-8).
3. Hispanic females were significantly under-represented in the job categories of Professional (-3), Technicians (-10), Protective Services: Sworn (-2), Protective Services: Non-sworn (-13), Skilled Craft (-2) and Service/Maintenance (-10).
4. Asian females were significantly under-represented in the job categories of Professionals (-2) and Technicians (-2).
5. White males were significantly under-represented in the job categories of Administrative Support (-10), Skilled Craft (-19), and Service/Maintenance (-15).
6. Hispanic males were significantly under-represented in the job categories of Technicians (-3), Administrative Support (-6), Skilled Craft (-21), and Service/Maintenance (-14).
7. Asian males were significantly under-represented in the job categories of Officials/Administrators (-3) and Professionals (-2).
